Bachelor of Technology in Computer Science & Engineering

1.1 University Vision and Mission

Vision:

Brainware University aims to cast a transformative light on society and students by promoting quality education and research facilities at affordable fees.

Missions:

- M1. Create market-driven, diverse and interdisciplinary undergraduate and post-graduate programmes that effectively combine quality with affordability.
- M2. Pursue significantly new educational and research initiatives and develop young professionals who will be exceptionally proficient in their own fields with an insatiable hunger for knowledge.
- M3. Seek to attain the highest standard in academic excellence by building the best possible industry-academics interface.
- M4. Actively encourage entrepreneurship among students through well-planned training programmes and creation of incubation facilities.
- M5. Proactively undertake skill development and women's empowerment in rural areas.
- M6. Develop a fully functional Centre for Liberal Arts to encourage creativity among all students.
